Hi Judith,

I know you are out at a meeting until around 4, but sending these draft responses in case you have a moment. Questions are from the Fox News reporter who contacted you over the weekend. His deadline is COB today. I will be sending to HQ for their input as well.

John

1) The state is blaming the EPA/feds. Is it of the opinion of the EPA that the state of New York acted accordingly/swiftly to deal with the Hoosick Falls water crisis?

Ex. 5 - Deliberative Process

- 2) When was the EPA officially made aware about the PFOA issue in Hoosick Falls?
3) Why did the EPA issue a Do Not Drink order in Hoosick Falls in December of 2015 – and not sooner?
5) Residents are upset that there was a delay of over a year in telling them not to drink the water....why was there a delay in issuing the Do Not Drink order?

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

4) Was this Do Not Drink order the of an unregulated chemical – the first of its kind ever issued?

Ex. 5 - Deliberative Process

6) Why was the health advisory changed from 400 ppt to 70 ppt specifically for Hoosick Falls only?

Ex. 5 - Deliberative Process

Hi John,

Here are my questions.

I can take answers over the phone or email today. It would be of great help.

Thanks,

Bryan Llenas

Hi Bryan,

Could you send me your questions via email? That would help me get your questions to the appropriate people here.

Thanks!
John

Hi John,

Do you have any time in the next hour or so to talk with me over the phone in regards to Hoosick Falls?

I have some unanswered questions for the EPA.

Best,

Hi Bryan,

Here is the federal government's FOIA database:
<https://foiaonline.regulations.gov/foia/action/public/home>

The most comprehensive FOIA request we've received can be searched by using the following tracking number: EPA-R2-2016-003396

Since then, there have been some other FOIA requests. These can be found by entering the following terms in the search field:

*Hoosick Falls
*St Gobain
*Saint Gobain
*HF

Let me know if you have any questions.

John

Mr llenas. Plz contact John Martin in the EPA region 2 press office Tomorrow. He is copied here. John , mr llenas is with Fox News and is working on a Hoosick falls story. EPA has provided public documents in response to freedom of information requests and it all on line at foia on line - we post all prior foia responses there as do all federal agencies. Some of what you are seeking will already be up there. If you can't access it plz let John know. Finally and importantly , plz only contact me on my EPA email address as every email is preserved as a government record. I fowarded your email to my EPA account so we are all set for now. Thanks, Judith ENCK. EPA regional administrator
